

At the 2025 European Congress of Cardiology, the results of 42 international multicenter clinical trials were presented in the HOT LINE sessions. The studies addressed various areas of cardiology, including arterial hypertension, coronary heart disease, atrial fibrillation, lipid-lowering therapy, pharmacotherapy for heart failure, intensive care in cardiology, and healthcare management in cardiology. New texts for five clinical guidelines were also presented. A summary report presents the results of the most interesting studies.
